

Give up our Fight for a Conservative America????
Not On Our Watch - Not While our Constitutional Rights Hang in the Balance!

Hart County Republican Party Newsletter
Volume 1 January 16, 2010

Chairman's Notes:

Fellow Americans - A New Year is before us and we have the chance to do great things for **OUR** country. A recap of 2009 shows a majority of citizens are fed up with the Congress and Senate not listening to **We, The People**. This is an election year in which we can turn the tide of rapid descent into Socialism and stop the death of Capitalism. Georgians will be looking for a new Governor, Lt. Governor, Secretary of State, Commissioners in Insurance, Labor, & Agricultural fields, Attorney General, State School Superintendent (and Congressman Johnny Isakson is up for re-election. No one says it better than John Kotter: "*Leadership defines what the future should look like, aligns people with that vision, and inspires them to make it happen despite the obstacles*". It is vitally important that each position be filled with a person who is God fearing, dedicated to America, demanding less government interference and supports the sanctity of human life. This is only possible if **We, the Conservative Party**, continue to fight for the freedoms and privileges that our constitution has guaranteed. Now is the time to contact your representatives and voice your concerns.

History should be our teacher—look what has happened when we refuse to get involved in our own destiny. It would take volumes to recite all the quotes from great leaders of the past who have warned us of too much government, and not enough "For the people, by the people" guarantees.

Famous Quotes Section:

"Now more than ever the people are responsible for the character of their Congress. If that body be ignorant, reckless and corrupt, it is because the people tolerate ignorance, recklessness and corruption. If it be intelligent, brave and pure, it is because the people demand these high qualities to represent them in the national legislature.... If the next decade does not find us a great nation...it will be because those who represent the enterprise, the culture, and the morality of the nation do not aid in controlling the political forces." (James A. Garfield, 20th President (1881).

"The Constitution is not an instrument for the government to restrain the people, it is an instrument for the people to restrain the government." (Patrick Henry)

Please invite your friends, family, and co-workers to attend our meetings. **We, the people**, need to know what's going on and how we can control the government and not the other way around.
