Our Chairman's Notes:

In 1776 we obtained the blessing of a free America. It cost dearly to free us from the tyranny of the British. It has also cost many lives in the 234 years since then. Voting is a privilege, earned by the hard work and lives of people before us who fought for it, and the people who work every day to keep it. It is the only way we can truly have a say in our governing body.

"Is life so dear or peace so sweet as to be purchased at the price of chains and slavery? Forbid it, Almighty God. I know not what course others may take, but as for me, give me liberty or give me death!"

Patrick Henry, speech in the Virginia Convention, March 23, 1775

Great men (and women) over the years have sacrificed much to keep us the home of the brave and the land of the free. Can we do any less and have our children's children remember with pride the sacrifice we gave for our country? The present administration is leaning far left and plans to take America, the great into America the country owned and governed by foreign countries. **Life is all about choices and, fellow Countrymen, we must make the right choice in electing (or re-electing) OUR representatives who will vote responsibly .**

Samuel Adams said it best when he spoke of the importance of picking the right leaders for our great nation. "If men of wisdom and knowledge, of moderation and temperance, of patience, fortitude and perseverance, of sobriety and true republican simplicity of manners, of zeal for the honor of the Supreme Being and the welfare of the commonwealth; if men possessed of these other excellent qualities are chosen to fill the seats of government, we may expect that our affairs will rest on a solid and permanent foundation."

Samuel Adams, letter to Elbridge Gerry, November 27, 1780

Please invite your friends, family, and co-workers to vote. Each of us must be active in the protection of constitutional rights. **We, the people**, need to know what's going on and how we can control the government and not have the government control us.

Our website - www.hartcountygop.org has other information and updates. We also have a Facebook page - Hart County Republican Party. Make plans to look at both sites on a regular basis for up to the minute news.
