

Assault on Our Freedoms
Not On Our Watch - Not While We're Responsible!

Hart County Republican Party Newsletter

Volume 3

July 18, 2009

Chairman Notes:

This message is not so much a “do as I do” but a “Be the best that you can be” message. How are you at keeping up with all the changes being considered (and rammed down our throats) by the current administration? It is imperative that each of us listen to the media and then research to see if what they say is really what they are doing. The future of America the Beautiful, America the Great, America the free, etc. depends entirely on us and what we are willing to do to keep America great and free. How much are we willing to sacrifice to keep our freedoms?

Have you visited our Hart County Republican Party Website - www.hartcountygop.org? It is still in the process of being completed and updates are occurring on a weekly basis. We also have a Facebook page—Hart County Republican Party. Make plans to look at both sites on a regular basis for up to the minute news.

Words of Wisdom

Aesop (620-560 BC) - "We hang the petty thieves and appoint the great ones to public office."

Pastor Adrian Rogers (1931-2005) - "You cannot legislate the poor into freedom by legislating the wealthy out of freedom. What one person receives without working for, another person must work for without receiving. The government cannot give to anybody anything that the government does not first take from somebody else. When half of the people get the idea that they do not have to work because the other half is going to take care of them, and when the other half gets the idea that it does no good to work because somebody else is going to get what they work for, that my dear friend, is about the end of any nation. You cannot multiply wealth by dividing it."
