

Give up our Fight for a Conservative America????
Not On Our Watch - Not While our Constitutional Rights Hang in the Balance!

Hart County Republican Party Newsletter
Volume 3 February 20, 2010

Chairman's Notes:

As many of you know, the healthcare bill is still being manipulated and changed in order to get it passed one way or another. The Democrats have bought so many votes that the whole process is tainted. Congressmen and Senators who DO NOT read the bill, should be forced to resign. Since that will never happen, it is up to conservative to work diligently to unseat them and replace them with someone who will listen to those who elected them. Congress refuses to listen to the cries of the outraged Americans who do not want this bill passed. Georgia still has Democrat Senators who are undecided. Please don't pass up the opportunity to call them.

Historical Quotes:

Each individual of the society has a right to be protected by it in the enjoyment of his life, liberty, and property, according to standing laws. He is obliged, consequently, to contribute his share to the expense of this protection; and to give his personal service, or an equivalent, when necessary. But no part of the property of any individual can, with justice, be taken from him, or applied to public uses, without his own consent, or that of the representative body of the people. (John Adams, Thoughts on Government, 1776)

If it be asked, What is the most sacred duty and the greatest source of our security in a Republic? The answer would be, An inviolable respect for the Constitution and Laws — the first growing out of the last.... A sacred respect for the constitutional law is the vital principle, the sustaining energy of a free government. Alexander Hamilton, Aug 28, 1794

Please invite your friends, family, and co-workers to attend our meetings. **We, the people**, need to know what's going on and how we can control the government and not the other way around.
