Chairman's Notes:

Since our last meeting there have been so many crazy items passed in the House/Senate in the guise of "helping America". My question is, "Helping America do what?" If we want to portray America as the home of the brave and the land of the FREE—then Washington is not in touch with reality. Congressmen and Senators who continue to just blindly 'follow the leader' are leading us down the pathway to destruction.

With the primaries coming up July 20th, it is vital that all concerned citizens get out and VOTE for the good of our country. It is up to conservatives to work diligently to unseat any and all politician who refuse to have the backbone to stand for leadership that reflects the founding fathers' guiding principles.

I would like to quote Asa Phillips, a local businessman: *"There is a consequence to everything you do. Today is the consequence of yesterday. Tomorrow will be the consequence of today. Our debt-ridden world has overlooked this natural law."*

Historical Quotes:

The Constitution is not an instrument for the government to restrain the people, it is an instrument for the people to restrain the government." Patrick Henry

Christmas is the time when kids tell Santa what they want and adults pay for it. Deficits are when adults tell government what they want and their kids pay for it. ~Richard Lamm

"Please invite your friends, family, and co-workers to attend our meetings. **We, the people**, need to know what's going on and how we can control the government and not the other way around.
