**NEVER! - Not While our Constitutional Rights Hang in the Balance!**

Volume 9 November 20, 2010

*Notes from the Chairman:*

First and foremost I would like to thank everyone who voted on November 2, 2010. Voting is a great responsibility AND privilege, as a citizen of the United States. The elections are over, the verdict is in and the *citizens* have spoken loud and clear. I was told as a child that if I could dream it, and was willing to put forth the effort, I could make that dream come true. I'm very thankful for a mother who instilled in me a great love of country. This recent election is living proof that pride and a 'never say die' attitude can make our dreams come true. Well, fellow conservatives—Our work is cut off for us...We must work hard over the next few years to make sure America remains the land of the free and the home of the brave.

The preservation of this county is a very important task. It is serious business, because it impacts on so many lives. As we go about our task of getting rid of the riff-raff within our government, let us not get so stressed that we lose sight of our goal. Stress can wear us out and therefore defeat us. Humor can be, and should be, part of life. Will Rogers, American Humorist and Actor, had a wonderful way with words. His opinion of trusting the Government can be summed up in this statement: **“This country has come to feel the same when Congress is in session as when the baby gets hold of a hammer”** Do not be deceived, there are still people in power who want to have their way no matter what it does to the country. Therefore it is imperative that each of us support those who have been elected to office, as long as they are working for the good of the country.

Samuel Adams, famous colonial patriot once said, ***“If you love wealth more than liberty, the tranquility of servitude better than the animating contest of freedom, depart from us in peace. We ask not your counsel nor your arms. Crouch down and lick the hand that feeds you. May your chains rest lightly upon you and may posterity forget that you were our countrymen.”***

November 20: House Representative Alan Powell, Dist. 29, will be our keynote speaker. It is important for us to be informed as to who is running the county and what they are doing to keep our county the best that it can be. Please check website on a weekly basis to see our lineup of speakers for the next few months.

December: There will be no meeting in December.

January 15: State School Superintendent, John Barge
