

Give up our Freedoms????

Not On Our Watch - Not While our Constitutional Rights Hang in the Balance!

Hart County Republican Party Newsletter

Volume 5

September 19, 2009

Chairman's Notes:

We have just honored the memory of all who were killed or wounded by the tragic events on September 11, 2001. This was just a reminder for us of the great freedom we have in this great land called America. As Americans we need to be constantly on guard to protect our rights and freedoms guaranteed by our constitution. Preserving America is a task for all dedicated citizens. I encourage each of you to look for a way to be of service to the preservation of America as it was before this administration gained control. We must each strive to make America great, once again and fight to keep her standing strong, full of compassionate and always FREE of tyranny.

Something to think on...Reasons to support the Republican Party:

You cannot help the poor by destroying the rich.

You cannot strengthen the weak by weakening the strong.

You cannot bring about prosperity by discouraging thrift.

You cannot lift the wage earner up by pulling the wage payer down.

You cannot further the brotherhood of man by inciting class hatred.

You cannot build character & courage—

by taking away people's initiative & independence.

You cannot help people permanently by doing for them,

what they could & should do for themselves.

~Abraham Lincoln~
